

NEW

Olivon heavy duty HIDE CLAMP system

Very strong and stable, the Olivon Hide clamp system uses compatible component parts of Olivon tripods to create an incredibly rigid support for superior viewing and reduced vibration digiscoping.

All Olivon heads are compatible with the hide clamp system

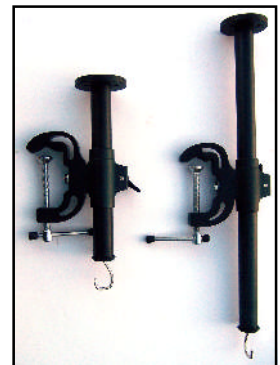

Any Olivon head couples directly to the hide clamp column.

There is a choice of :
long (45cm) column
or short (23cm) column.

Clamp quickly attaches to the column

If you already have an Olivon TR154, TR158 or TR159 tripod you can use the centre column and head of your own tripod.

You will only need the clamp to convert your tripod to a full Hide clamp.

Guide retail prices 2008.

Clamp only : £ 34.99 (if you already have an Olivon TR154/159 tripod, this is all you need)
Columns - Short Column : £ 27.99 Long Column : £ 29.99
Heads - TRB22A or D : £ 16.99 TRB28 : £ 49 TRB14 : £ 79 TRH11 : £ 69 TRH11 : £ 69 TRH13 or TRH15 : £ 49 TRH16 : £ 89
